T = THEORY P = PRACTICAL

Students are advised to attend workshops to successfully complete the B. Ed. Programme. The workshops will be conducted by resource persons/experts in education. Students should study the material well and come prepared so that there will be fruitful discussion at the Counselling sessions. Counselling sessions are not teaching sessions and are meant to facilitate students to understand the material properly and to assist students to learn. Students will get a chance to interact with other peer learners and the Counselors. In the workshops the students will participate individually as well as in groups in various activities for improving their teaching competencies. So students should attend and take benefit of these sessions.
